

Activity Update – Worksheet

Workgroup: Education (note name change) Date: Sept. 3rd, 2014

Leader: Elaine Keavney Recommendation # 4

Purpose: Implement IOM Recommendation #4

Planned Activity/ies [current]

The second meeting of the group was held August 28th. Eight people called in. We have new members, including one from public health in Lincoln County, and one from Providence in The Dalles.

The group decided to broaden our focus to include all of the components of IOM #4 related to education. We will continue to focus our current efforts on the 80% by 2020 BSN education recommendation, and can broaden out as we grow. We are now called the AC Education Work Group.

Initial activities to be reported on at the September 25th meeting include the drafting of a work group mission statement, set up of a Facebook page, and review of some BSN promotional documents that were shared by a Providence team member.

I asked for a volunteer to represent the group at the VA on September 12th but got no positive response. A second request has gone out with the meeting minutes.

Timeline

Meetings will be held the last Friday of each month, by phone.

Very next step(s)

As described above
